Air Permit # TV-1560-0087

Owen Electric Steel Company of South Carolina dba CMC Steel South Carolina has applied to the SC DHEC for a significant modification to their existing Part 70 Air Quality (Title V Operating) Permit for its existing site. Draft Revised Title V Operating Permit and Statement of Basis have been written by the BAQ incorporating and outlining the proposed project and applicable regulations. The draft revised permit includes the following:

- Removal of the Lead testing requirement and the requirement to conduct a performance test at each 15 tons per hour (tph) increase in production over 100 tph. And added a one time performance test for Lead emissions to be conducted at the next test.
- Change the compliance method of the Reheat Furnace's Prevention of Significant Deterioration (PSD) Sulfur Dioxide (SO₂) emission limit from conducting a performance test to maintaining fuel use records and calculating SO₂ emissions.

If approved, the draft revised Title V Operating Permit will enable the facility to continue to operate as a major source in accordance with SC DHEC Regulation 61-62.70 - Title V Operating Permit Program. All emissions limitations and conditions contained in the draft revised permit have been written to ensure that the facility operates within the requirements of the Title V Operating Permit Program for the State of South Carolina. The draft revised permit has not yet been approved and is open to comment from the public, affected states, and the United States Environmental Protection Agency (EPA).

Interested persons may review the materials drafted and maintained by DHEC for this facility and submit written comments on the draft permit by the end of the public notice period listed above, to Ruthie Hall at the above DHEC address or by e-mail at hallmr@dhec.sc.gov. All comments received by the end of the notice period, will be considered when making a decision to approve, disapprove, or modify the draft permit. Where there is a significant amount of public interest, DHEC may hold a public hearing to receive additional comments. Public hearing requests should be made in writing to Ruthie Hall at the above DHEC address or by e-mail. If a public hearing is requested and scheduled, notice will be given thirty (30) days in advance. If you have questions concerning the draft permit please contact Kirk Schneider at the phone number listed above. A final review request may be filed after the permit decisions have been made. Information regarding final review procedures is available from DHEC's legal office at the above address or by calling (803) 898-3350. Information relative to the draft permit will be made available for review through the end of the notice period listed above, at the DHEC Columbia Office listed above.

Information on permit decisions and hearing procedures is available by contacting DHEC at either address listed above. Copies of a draft permit or other related documents may be requested in writing to the Freedom of

Information Office; fees may apply. Please bring this notice to the attention of persons you know will be interested in this matter.

This public notice, along with the draft permit and statement of basis, may be viewed through the end of the notice period on DHEC's website at: <http://www.scdhec.gov/PublicNotices/>.
